

FTWW

Fair Treatment for
the Women of
Wales

Pain during minor gynae procedures is a key campaign for FTWW

Why is it important?

- Minor gynaecological procedures are very common for preventing, diagnosing & treating health problems
- They are undertaken by thousands of patients across Wales every year
- Some patients report not receiving enough information before their procedure
- Some patients report finding the experience painful and traumatic
- Some patients avoid future healthcare as a result.

What are we doing about it?

- We work with expert patients and groups to raise awareness of the impact of minor gynaecological procedures
- We support healthcare professionals to improve care and service delivery
- We support research to improve patient experiences
- We provide patients with opportunities to have their voices heard
- We collated evidence about minor gynaecological procedures for the 10-year Women's Health Plan for Wales.

FTWW is the only patient-led charity in Wales dedicated solely to women's health equality. We support women and people assigned female at birth, including non-binary, trans, and intersex people.

Triniaeth Deg
i Fenywod
Cymru

Mae poen yn ystod mân driniaethau gynaeolegol yn ymgyrch allweddol i FTWW

Pam ei fod yn bwysig?

- Mae mân driniaethau gynaeolegol yn gyffredin iawn ar gyfer atal, rhoi diagnosis a thrin problemau iechyd
- Mae miloedd o gleifion ledled Cymru'n eu cael bob blwyddyn
- Mae rhai cleifion yn dweud nad ydyn nhw'n cael digon o wybodaeth cyn eu triniaeth
- Mae rhai cleifion yn dweud bod y profiad yn boenus ac yn drawmatig
- Mae rhai cleifion yn osgoi gofal iechyd yn y dyfodol o ganlyniad.

Beth ydyn ni'n ei wneud?

- Rydyn ni'n gweithio gyda chleifion a grwpiau arbenigol i godi ymwybyddiaeth o effaith mân driniaethau gynaeolegol
- Rydyn ni'n cefnogi gweithwyr gofal iechyd proffesiynol i wella'r gofal a'r gwasanaethau sy'n cael eu darparu
- Rydyn ni'n cefnogi gwaith ymchwil i wella profiadau cleifion
- Rydyn ni'n rhoi cyfleoedd i gleifion sicrhau bod eu lleisiau'n cael eu clywed
- Fe wnaethon ni gasglu tystiolaeth am fân driniaethau gynaeolegol ar gyfer Cynllun 10 Mlynedd Iechyd Menywod Cymru.

FTWW yw'r unig elusen sy'n cael ei harwain gan gleifion yng Nghymru sy'n canolbwyntio'n llwyr ar iechyd a chydaddoldeb menywod. Rydym yn cefnogi menywod a phobl a ddynodwyd yn fenywod adeg eu geni, gan gynnwys pobl anneuaidd, traws a rhyngrywiol.
